

Mission and Key Principles of Part C Early Intervention

Looks Like/Doesn't Look Like

Updated [Mission and Key Principles Module](#)

The Mission and Key Principles Module is one component within the [Universal Online Part C EI Curriculum](#) which may be used to further your learning and understanding of early intervention principles and practices. Recent updates to the Mission and Key Principles module include:

- Eight short courses broken into mini-modules (8-15 minutes in length) which include an overview and description of each principle, examples of what each principle looks like/doesn't look like in practice, videos, reflective activities, and a feedback form embedded in the closing summary.
- A [Learner's Guide](#) to document your individual reflections which may be shared with a peer, mentor, supervisor, or instructor as part of your own professional development or to fulfill a course requirement.
- A comprehensive [Resource Page](#) that links to all related resources, including access to a video playlist to extend learning activities.
- [Linkages to Supporting Resources](#) that connect each principle to the Division for Early Childhood Recommended Practices (DEC RPs), the Council for Exceptional Children (CEC) and DEC Early Intervention/Early Childhood Special Education (EI/ECSE) Personnel Preparation Standards, the Knowledge and Skills for Service Coordinators (KSSC) and the Cross-Disciplinary Competencies.
- [Bonus Resources & Activities](#) including access to chapters/activities from the *Early Intervention Workbook: Essential Practices for Quality Services*, Reflection Activities, and Looks Like/Doesn't Look Like in Tele-intervention.

NOTE: The Universal Online Part C EI Curriculum Workgroup does not issue certificates or credit hours. Check with your program or agency to see if this is available. For more information and additional content through the Universal Online Part C EI Curriculum, [view this flyer](#).
